SKILLS

Languages: C++, HTML, CSS, JavaScript
Tools/Platforms: Visual Studio code, GitHub, Git, Postman, XAMPP server, My SQL, Cisco Packet Tracer.
Soft Skills: Problem-Solving, Team Player, Adaptability, Communication.

PROJECTS

Portfolio Showcase Platform | *HTML, Tailwind CSS, JavaScript, JSON* | *Github* Mar 2025 - Apr 2025

- Developed a full-stack portfolio showcase platform enabling users to create, edit, and manage interactive portfolios with projects, certificates, and personal profiles.
- Integrated a database MySQL to securely store user login credentials, feedback, and profile data, enabling seamless authentication and persistent user experiences.
- Ensured data integrity and user privacy by applying validation and secure data handling practices, achieving a 95% reliability rate across test sessions.

Stock Market Chatbot | *Python Flask, HTML, Tailwind CSS, JavaScript* | *Github* Mar 2025 - Apr 2025

- Assisted users in obtaining real-time stock market insights and financial data through an intelligent conversational interface.
- Designed and deployed an AI-driven chatbot using Flask, Tailwind CSS, and Google Gemini-Pro API that provides market trends, stock analysis, and financial summaries via a responsive chat interface. Integrated REST APIs and interactive visualizations for improved user experience.
- Delivered accurate and engaging financial insights with a 90% response accuracy rate and reduced user query time by 50%, making stock research faster and more intuitive.

TRAINING

Board Infinity (Edtech Company) | Certificate Jun 2025 - Jul 2025
Mastering C and C++ Programming

- Problem-solving and algorithmic thinking by implementing data structures (arrays, linked lists, stacks, queues, trees, and graphs) and algorithms (sorting, searching, recursion) in C and C++.
- Developed mini-projects integrating both procedural and object-oriented paradigms, enhancing overall coding proficiency and debugging skills.
- Optimized program performance by applying efficient memory management techniques such as dynamic allocation and pointer manipulation.

CERTIFICATES

Master Generative AI & Generative AI tools (ChatGPT & more)| Infosys	Aug 2025
ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM| Infosys	Aug 2025
Build Generative AI Apps and Solutions with No-Code Tools| Infosys	Aug 2025
Responsive Web Design | FreeCodeCamp	Oct 2023

EXTRACURRICULAR ACTIVITIES

- Implemented and optimized multiple mini-projects using HTML, Tailwind CSS, JavaScript, PHP, and C++, ensuring clean code and efficient performance.
- Contributed to the Code of Duty web-based hackathon and collaborated with the team to develop a fully functional project.
- Completed university-level technical courses from Google, IBM, and University of Colorado, covering networking hardware fundamentals, and computer systems.

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug 2023 – Present
Computer Science and Engineering; **CGPA: 7.25**

Sri Chaitanya Jr college Eluru, Andhra Pradesh
Intermediate Mar 2021 – May 2023
PCM; **Percentage: 94%**

Oxford EM School Eluru, Andhra Pradesh
Matriculation Mar 2020 – May 2021
Percentage: 100%
